ENWORK

LIFE HAPPENS AROUND THE TABLE

Ligouri Nugent

Grandfather of Enwork owner, David Powell

We knew from the start that this product design was about more than just furniture. This collection pays homage to Ligouri Nugent – a man who found his truest joy in gathering with loved ones around the kitchen table. Whether it was to eat a meal, play a game, or tell a story, the outcome was the same. Family and friends would come together, connect, and leave feeling inspired. Creating a sense of connection was top of mind when designing the Ligouri Collection.

Approachable Elegance

Inspired by modernist design principles, Ligouri boasts clean lines, elegant connection points, and a family name. The Ligouri Collection celebrates natural elements as it combines solid wood with precision tooled aluminum components and detailing. Designed to elevate any environment, Ligouri stands alone as a statement piece or as a welcoming touch to inspire human connection and collaboration.

FROM IDEATION TO REALIZATION

Thoughtful Design

We believe honest materials make the best pieces – that's why natural elements can be found throughout the Ligouri Collection. From solid wood legs to aluminum connections, these materials are reliable, recyclable, and renewable – not to mention, incredibly stylish.

A Simple Silhouette

Oftentimes the simplest silhouettes make the best design – and Ligouri is no exception. The levitating top highlights a sleek, yet sturdy base. Thoughtful details elevate this design to a showstopper with understated elegance in any space.

BENCHES FOR EVERY TABLE

The Perfect Compliment

Coordinating benches create casual meeting options while seating up to three people per bench. Opt for benches in a cafe setting or paired with casual touchdown spaces. Ligouri Benches are sized to coordinate perfectly with complimentary tables. Longer tables utilize two benches per side, making it easy to access from any position.

STORAGE WITH STYLE

Collections-Based Design

Credenzas and other storage products share many unique design details found throughout the collection, such as door pulls and aluminum trim details. Available in a variety of sizes, finishes, and configurations, no detail was left to chance. Even the Ligouri Credenza Pull was thoughtfully designed for maximum comfort and style.

Details Matter

Found throughout the collection, this custom chamfered aluminum pull is designed to complement the base leg trim detailing. Sleek and ergonomic, the Ligouri Pull is the perfect touch to the collection. Credenzas feature a unique floating top aesthetic, adding to the light and airy feel that Ligouri is known for.
