ENWORK

ROOTED IN FAMILY.
FOCUSED ON INNOVATION.

At Enwork, we know that it's about more than furniture. It's about creating solutions that make life easier. It's about pushing the limits of design. It's about innovation. That's why we've built a culture centered around forward thinking. Through collaboration with the world's most recognizable brands, extensive market research, and an ever-curious team, we're able to provide clients across North America with cutting-edge designs and thoughtful solutions. It's how we ensure we stay **Always Ahead.**

EQUILIBRIUM™

WHERE CONCEPTS
IN DESIGN AND
ENGINEERING MEET

Reach For Possibilities

The perfect balance of form and function, Equilibrium turns any space into a design statement. Its patented, revolutionary design leverages a single base to create the illusion of a floating surface up to 20 feet wide and round tables up to 7 feet in diameter.

Protected by US Patents D776,575S, D776,967S, D776,968S

Inverse V Base

Cable Management Cover

Off-Centered Truss Cantilever

Triangle Base

Cable Management Cover

Freestanding Plate

The Freestanding Plate allows centered bases to be installed without anchoring to the floor. Cantilevered and Angled bases require 4" of concrete for secure installation to the floor.

EQUILIBRIUM™

THE POWER OF ENGINEERING

Interior Architecture at its Finest

With options including centered or offset base locations, open truss and solid cantilevers, and a variety of heights and sizes, Equilibrium tables let you choose the best combination for your space. Designed for technology integration, Equilibrium includes base and trough covers to conceal power and cabling without compromise.

LIGOURI COLLECTION

LIFE HAPPENS AROUND THE TABLE

A Simple Silhouette

Oftentimes the simplest silhouettes make the best design – and Ligouri is no exception. The levitating top highlights a sleek, yet sturdy base. Thoughtful details elevate this design to a showstopper with understated elegance in any space.

LIGOURI COLLECTION

Approachable Elegance

Inspired by modernist design principles, Ligouri boasts clean lines, elegant connection points, and a family name. The Ligouri collection celebrates natural elements as it combines solid wood with precision tooled aluminum connections and detailing. Designed to elevate any environment, Ligouri stands alone as a statement piece or as a welcoming touch to inspire human connection and collaboration.

LIGOURI COLLECTION

Meetings in Motion

Inspired by bustling espresso bars in the heart of Italy, Ligouri touchdown tables are intentionally sized to spark impromptu meetings and chance connections. Available in 24" and 30" depths and spans up to 240", these narrow tables are simple and versatile. Create additional connection points throughout an environment with occasional and picnic tables.

PERFORMANCE MEETS DESIGN

Needs-Based Design

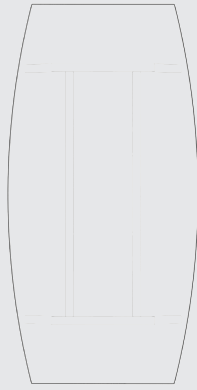

Alkalign was designed to meet the needs of a tech-forward organization. Alkalign's incredibly sturdy steel complete frame base is available in multiple integrated configurations – including wedge tops, and splayed legs – as well as freestanding configurations perfect for round and square tops.

Wedge

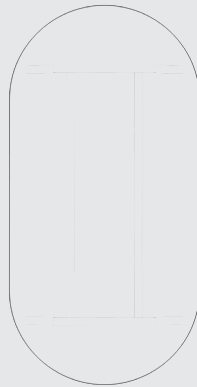

Boat

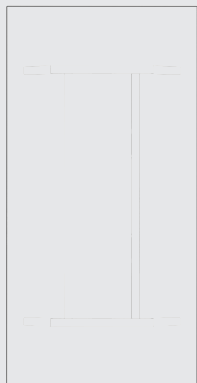

CAPABLE AND
ROBUST, YET
SLEEK AND
MODERN

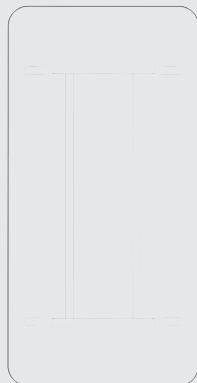

10" Radius Corner

Capsule

Rectangle

Rounded Rectangle

Like these shapes? Great news! These shapes and more are available on nearly every Enwork conference table.

ALIGN

Sturdy and Smart

This tech-friendly table collection was designed with robust wire management and power access in mind. The steel raceway features an integrated, pivoting door for convenient access into a deep well trough.

EXPANSE

DESIGN &
ENGINEERING
PROWESS

Spans up to 36 Feet

Enwork has a long history of innovative problem solving. Introducing the world's first big table platform that provides an elegant 2-base solution for tables up to 36 feet long. Excellence in design and engineering fuse to create a base that provides a clean, light, and modern solution to board rooms and collaborative teaming spaces unlike any other.

EXPANSE

Expanding Possibilities

Achieving spans up to 36 feet with two bases, Expanse effortlessly adds sophistication and performance throughout the space. Chair positioning is unencumbered, and IT integration is robust with integrated cable pass-through vertically and horizontally.

Expanse Credenza, available widths up to 10 feet.

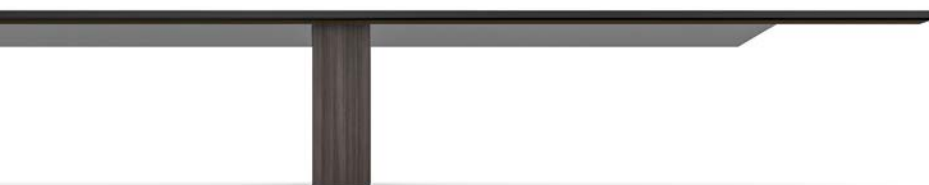

ODYSSEY

When Only the Best Will Do

Constructed of fiberglass and reinforced steel, Odyssey supports spans up to 36 feet with two bases. Available in a variety of high-gloss and matte paint finishes, Odyssey is designed to make a statement in the spaces that matter most.

FOUNDATION EX

Classic Design, Modern Capabilities

A classic, understated design makes Foundation EX a boardroom staple for years to come. With integrated power and data options, this classic design is complete with modern technology capabilities. Coordinating credenzas subtly carry the aesthetic throughout a space. Like Expanse and Odyssey, Foundation EX spans up to 36 feet over two bases

ADVENTURE™

SEEK ADVENTURE AT EVERY TURN

Inspired By Architecture

Architectural elements such as bent and welded metal components, structural turnbuckles, and exposed birch ply legs create the industrial, yet modern aesthetic of the Adventure table.

Z O R I TM

The Next Generation of Enwork Learning Environments

The culmination of extensive research, this comprehensive collection includes training tables, mobile whiteboards, monitor stands, teacher desks, lecterns and more - all designed to enable today's learning styles and current architectural trends.

Integrated Base and Trough assembly with full top-access to cable trough

LUGANO™

Meetings In Motion

Encourage new postures with Lugano. The quiet and stable electric mechanism allows users to sit, stand, or find a favorite height in between. Available in fixed-height or electrically adjustable models, Lugano brings elegance and performance to meeting spaces.

Electric Height-Adjustable Mechanism

SAWHORSE

A Minimalist Take on a Timeless Design

With classic forms and modern capabilities, Sawhorse tables are adaptable to fit any space. Perfect for conference or training table applications, cafés, third spaces, and media sharing.

MINIMALIST
AND
TIMELESS.

DETAIL ORIENTED DESIGN

STATEMENT™

Natural Beauty

Statement begins with exposed Baltic Birch ply and precision mitered corners. Also available with laminate or veneer on all sides for a monochromatic aesthetic.

STEALTH™

Expressive Detailing Inspired by Aviation Design

Thoughtfully designed, beautifully mitered aluminum base accents elevate the Stealth conference table collection to new heights. Table bases and credenzas work together for a sleek, modern environment.

Anodized aluminum trim adds style to Stealth

Landing Table with two-tone laminate

LANDING™

A Comfortable Place To Land

Enhance collaboration and connection with Landing Team tables. Upgrade the aesthetic with Cambria Quartz, WilsonArt Solid Surface, and glass tops. Add functionality with foot rails, wire chases, bag hooks, and power accessories.

Landing Table with optional footer bar

IMPRESSION™

Designed For Any Space Throughout A Floor Plan

From conference rooms to cafés, the Impression table base platform elevates every space. Impression begins as a sturdy steel base with a rounded and tapered top form. The Impression O-leg base is a popular alternative with a modern aesthetic.

SUPPORTING

ENWORK

STUDIO

The Magic Happens with Enwork Studio

Enwork Studio brings brand narratives to life through innovative materials and exceptional design. Custom products range from conference tables and open plan solutions, to lockers, training tables, and an array of accessories. Whether it's an entirely original design, or the desire to apply innovative materials and technologies, rest assured knowing your project is in capable hands.

ACCESSORIES

Perimeter Whiteboards

Add the final touch to your conference or training rooms with wall-mount Perimeter whiteboards. Available in porcelain or back-painted glass. Customize your Perimeter Glass with special designs, logos, and colors. Nearly any design is possible! Reach out to the Enwork Design Team for more information.

Enwork Lockers

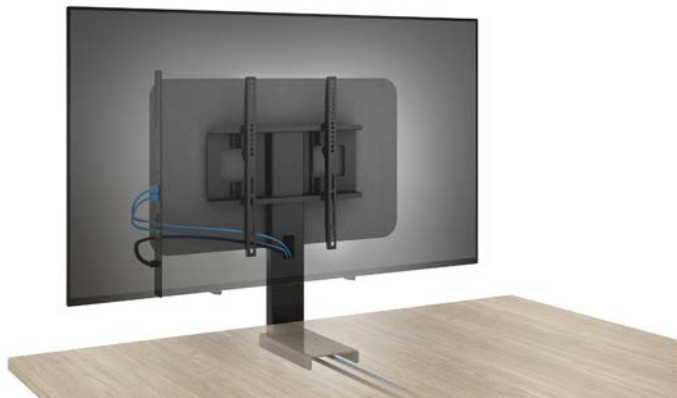

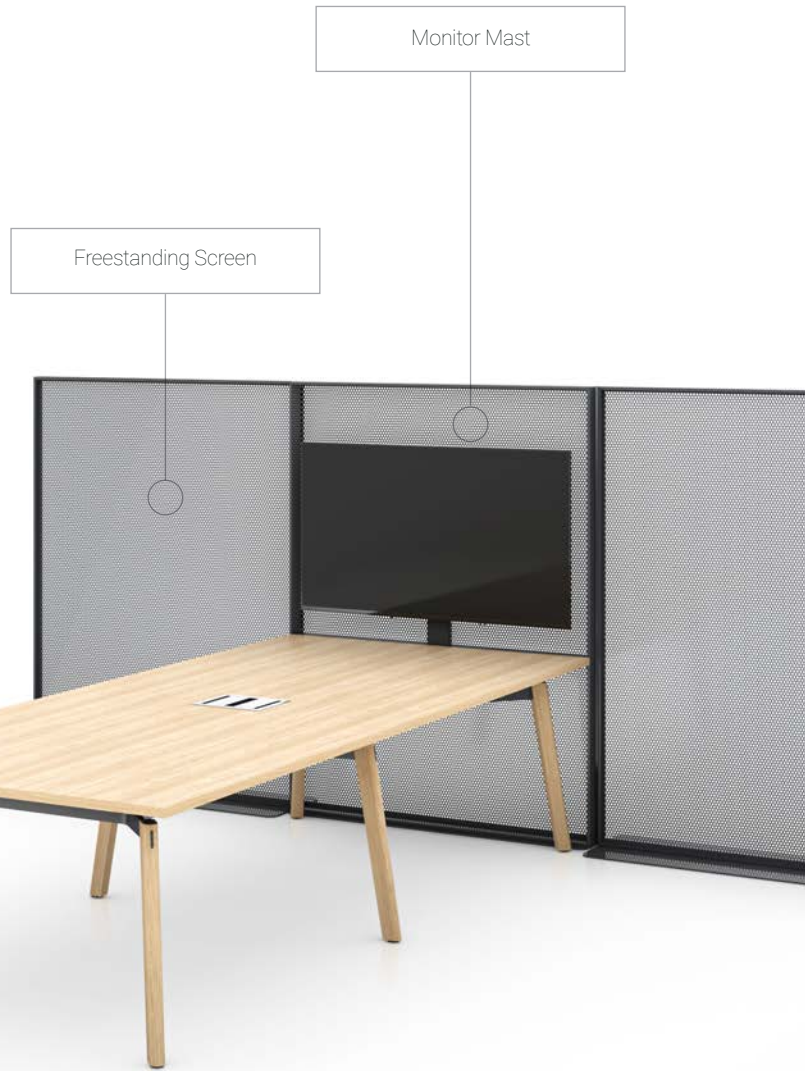

Available in a variety of sizes and configurations, Lockers are the perfect solution for securing personal belongings safely and stylishly. Configure lockers with digital, mechanical, or key-lock options.

Monitor Mast and Freestanding Screens

The Ligouri Monitor Mast is perfect for virtual meetings, screen sharing, and presentations. The Monitor Mast includes the Monitor Mount to create a complete video-conferencing solution. Ligouri Freestanding screens are supported by a robust metal base and are designed to define space and add privacy.

Monitor Mount

Monitor Mount is an easy way to mount monitors and manage cables. Monitor Mount attaches to the underside of any table.

POWER / DATA

We get it. Life is full of an overwhelming amount of decisions to be made. That's why we remove all of the extraneous noise and make it easy to choose the right Power/Data assembly for your needs. Follow these five planning tips and we'll take care of the rest.

Step 1 – Based on the size of the table and type of space, determine how many users might need power.

Step 2 – Determine the number and type of datacom connections needed. Which systems require physical connections? If the room or facility has a wireless network, fewer will be needed.

Step 3 – Determine which Power/Data unit best fits your requirements. Use the Conference and Training/Teaming charts as well as the detailed descriptions in the Price List to compare capabilities and features.

Data Options – Each unit is marked with an ▲ or ● to identify the category of datacom options available.

Step 4 – Based on desired user access and ease of routing through the table to determine the location and orientation of the Power/Data units in the table top.

Step 5 – Don't forget to order accessories! Cable Grippers, Cable Managers, and other accessories help keep all the wires and cables organized and out of sight.

Product	# Power Outlets	# Datacom Ports	Datacom Options	Key Features and Description
Ellora, Single-Sided <i>Best Seller</i>	2	2	▲	Great aesthetics. Flush fit door with cable drop space. Available with pre-wired USB A+C in one or more datacom ports.
