

The Next Generation Of Enwork Tables

The Zori product collection was designed by Enwork Studio, a team of engineers and designers that has created custom products for innovative brands such as Tesla, Lyft, and Pinterest using a needs-based design process. Comprised of 27 product models, Zori is so extensive that it requires its own manufacturing facility!

Every aspect of the Zori base was thoughtfully designed, from striking vertical uprights to feet that create a subtle layered effect. The comprehensive collection includes all the accessories needed to outfit a space, from lecterns and mobile marker boards to conference tables and height-adjustable command centers. Zori allows anyone to revamp their spaces in minutes, changing table functions and layouts to empower group work or lectures whenever needed.

Designed For Face-To-Face Interaction

Bring people together to share information and comfortably interact throughout the day. A variety of collaborative table top shapes and sizes creates layout versatility and enables clear sight lines.

Modified Pentagon Top Shape

Standard caster options include Black or White with Grey trim.

Angled leg flip tables nest in-line

Straight leg flip tables nest off-set

FLIP. NEST.
RECONFIGURE.

The Power Of Learning

Keep devices charged with surface-mounted power data units. Power accessories are easy to connect and scalable based on technology requirements.

No Details Overlooked

From the durable materials and construction to integrated cable and wire management, Zori legs suit every need. Extruded aluminum vertical uprights are available in one of several custom geometric profiles, each designed to accommodate standard cable management via optional routing holes.

FROM KINDERGARTEN
CLASSES TO UNIVERSITY
SPACES, ZORI SUPPORTS
ALL SHAPES AND SIZES.

Comfort For All Ages

Zori table heights begin at 24", creating a perfect solution for all ages and applications.

Squircle Top Shape

RAISE THE BAR WITH HEIGHT- ADJUSTABLE LECTERNS AND STANDING- HEIGHT TABLES

Support New Postures

Standing-height tables enable new postures, perfect for hyperactive students and colleagues. Add privacy below the worksurface with optional fixed perforated steel modesty panels or pivoting modesty panels in mesh fabric, laminate, or frosted acrylic.

Optional technology rails securely store classroom technology.

Troubleshooting technology is easy with the lockable rear access door.

Command Center Front and Back

Bi-Level Desk Front and Back

Designed With Options For Every Aspect Of The Classroom

With options to suit any front-of-room teaching posture, Zori Command Centers are available fixed-height, pneumatic, electric, or battery-powered electric. Choose from traditional or bi-level Teacher Desk configurations on levelers or casters.

Optional rechargeable battery nests between crossbars and attaches directly to control box for 66"W electric height-adjustable Command Centers

ZORI X-BASES ARE
PERFECT FOR CAFÉS,
BREAK ROOMS,
AND OTHER
GATHERING SPACES.

Sit Down. Power Up.

Zori tables create a variety of social and focused work settings with a range of table heights and options. Inviting seated or bar height tables with optional integrated power/data grommets keep devices energized.

For Every Type Of Meeting

Zori supports many forms of collaboration, from casual to high tech, empowering everything from small groups to large gatherings.

Optional Polished Aluminum Accent Trim

New Hexagon top shape improves line-of-sight collaboration. Single piece tops accommodate up to six users, dual piece tops accommodate up to twelve.

From Classroom To Board Room

Split Y-Legs paired with TT-Legs and a footer bar create high performance conference spaces with beautiful worksurfaces up to 240" wide and 60" deep.

ENWORK

The Next Generation Of Enwork Tables

There's a science to enabling learning. At Enwork, we draw upon deep research by universities and design firms to create products that support learners, instructors, and facility managers. With rapid development and adaptive processes, we're always exploring and learning so that our clients can optimize their workspaces.

Investments today must work for tomorrow. That's why Enwork works hard to stay ahead of trends and why we continue to grow at a record-breaking pace.
